

Spring Safety Fair
Russ Bethe
WI-G Educator

Our Spring Safety Fair held at Cedar Creek Motorsports was a huge success. 75 people riders were very impressed by Cedar Creek's newly remodeled and enlarged store. We had three speakers give talks on a wide range of subjects. Attorney Darryl J. Lee spoke on how to protect us before and after something bad happens. Mr. Lee was very informative and had many questions from those who were there. Darryl stayed and answered even more questions after he ran out time during his portion of the show. Joe Sigler talked about the new Elite 3 tires from Dunlop. There were lots of questions about care and how to prevent failure and the differences between the old Elite 2's and the new Elite 3's. Cedar Creek has a new store policy of being able to match any tire price you may find anywhere and giving you a break on mounting if you buy tires from them. Cedar Creek would to be known as the place to buy your tires. After some quick 50/50 drawings and several tires, riding jackets, chrome, and spray cleaners donated by Cedar Creek Motorsports were given away to lucky winners, Rick Humphreys from the Wisconsin State Patrol told us how to make tight slow speed turns and how to keep from causing injuries during these maneuvers. But for Sergeant Humphrey's talking about riding is one thing, then he got on a State Patrol Harley and showed us how to do 18' diameter turns in a very small area. Most of wished we could ride just half that well after we watched him.

I would like to thank our speakers for their wonderful presentations and for sharing their wealth of knowledge with us. We also need to thank Jay and Joe of Cedar Creek Motorsports for hosting this event and sharing their wonderful new store. The staff went out of their way to help us out and stayed a little later than the store hours to accommodate us. If you have not been to Cedar Creek lately stop in and see the new store. It was very good day for all, especially Steve who just kept winning during the drawing.
