

GREETINGS TO AND FROM CHAPTER G

Here's some good news. When you read this, you'll be one day closer to getting on the bike than you were yesterday. Don't unplug the battery tender yet. We still have snow on the ground and a nip in the air. It is about that time, though, to begin "preparations to mount". No, I'm not talking TCLOCS and all that Chapter Educator/District Director stuff. I'm talking the important things. I'm talkin' BLING , I'm talkin' comfort features, I'm talkin' smiles.

Here are some of the new "stuff" from various websites and magazines. Check them out or stop in to your favorite dealer and prepare to mount up.

Aerostich.com offering a new mini compressor for the flat tire emergency. Put this in the hope you never need it, but be glad when you do list. Saves you from goose stepping to the nearest Honda shop.

If you don't have enough lights weighting down your bike now, Kuryakyn.com has some new offerings including a set that mounts to your GL1800 windshield. They also have a new seat for the 1800 with an optional driver backrest without the arms that swing down. Somebody there was listening.

If you still have your March 2011 Wing World, check out the ad on page 75. No, not that one. The one on the bottom, in the middle. If the sun bothers you, this may be a solution.

Lastly, if you don't carry emergency information with you, you should. Flyncycle.com is offering digital dog tags. Not all bikes have that left hand pocket available.

March may come in like a lion. That won't stop Chapter G. We have a full month planned.

Winter get-a-way is March 4 – 6 in the Dells. Always a great time of activity and camaraderie. March 12 is a short drive to Joe's Crab Shack in Gurnee, IL for lunch. March 27 is the Chapter Social. New location and time. Waterstone Bank, Oak Creek, 3pm. The details of all these events and more are on the website. Please check us out.

And don't forget – the Chapter Safety Fair is in May.

Best to all, and happy shoveling.
